Who We Are

Our Mission...

It is our mission to inspire and enable young people to realize their full potential and contribute to their communities.

Our Vision...

With a tireless commitment from our staff, our families and communities, the Boys & Girls Clubs of North San Mateo County aims to ensure that all youth who walk through our doors, will exit the clubs having achieved academic success by gaining the 21st century skills needed for future success, and developing a plan during their time at the Club that facilitates the reaching their life goals.

We instill values, promote decision making, and teach our youth to make healthy choices and be physically active daily to benefit their minds, bodies, and spirits as they emerge in the world as adults.

The vision is complete when we know that each youth exhibits a positive sense of self and others, and is committed to giving back to their communities as committed leaders and successful citizens of the world.

What We Do...

We provide a safe place where all children and youth are welcome and can belong.

We deliver a range of fun and engaging programs to support youth in finding their passion.

We nurture positive relationships that inspire a sense of hope and opportunity.

We guide our members in developing the attitudes and behaviors they need to succeed in school, become economically self-sufficient and develop healthy family and community relationships.

Who We Are

Our History...

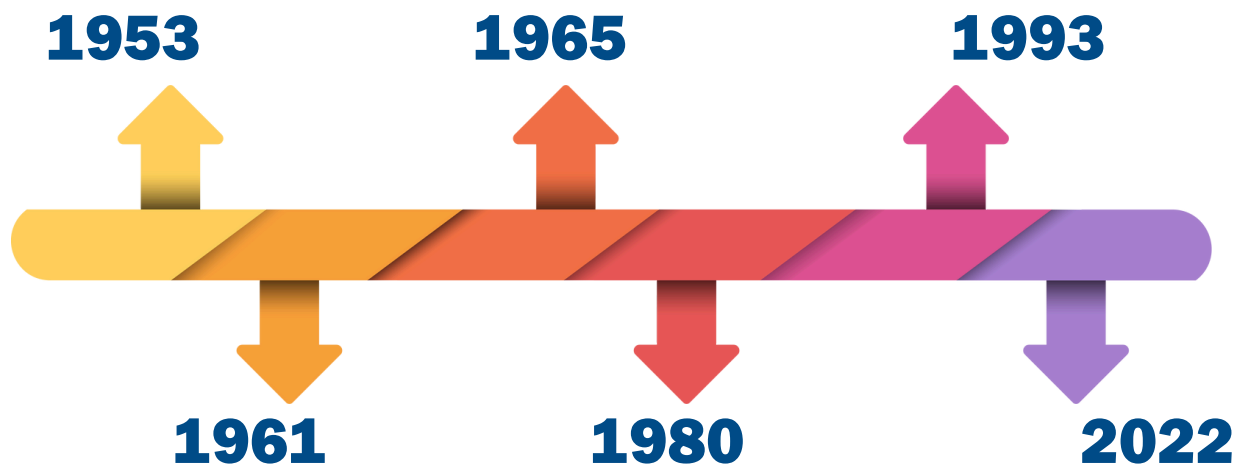

For over 70 years, the Boys & Girls Clubs of North San Mateo County have been a community staple and a positive, driving force for youth development and academic empowerment. Today, we are elevating our legacy by ensuring that our youth's future academic success and a future in today's workforce is equal and accessible to all youth in our communities.

South San Francisco Boys Club was founded in 1953 by a group of concerned citizens who wanted to create a safe, positive place for young boys to go play sports.

The Pacifica Boys Club was founded in 1965 as a separate organization, with a focus to serve the young boys in the community of Pacifica.

In alignment with Boys & Girls Clubs of America's decision to officially include 'girls' in the Club name, and to accurately reflect our service areas, we became known as Boys & Girls Clubs of North San Mateo County.

Erected in 1961, our former flagship clubhouse at Orange Park, SSF was dedicated by Herbert Hoover.

In 1980, Pacifica Boys Club merged with South San Francisco Boys Club, providing collaboration in the northern part of San Mateo County

Our journey continues with a refocusing to serve the community of Pacifica, home to nearly 7,000 youth.

Today, our organization includes four locations: Yosemite Drive Clubhouse, Ingrid B. Lacy Middle School Clubhouse, Sunset Ridge Elementary Clubhouse, and the Ortega Elementary Clubhouse, serving more than 1000 youth annually.

Who We Are

Why Our Parents Matter...

At our Club, we understand that every person has unique experiences that impact the way we learn, think, grow, and connect with others. We are committed to being an organization that understands and responds to these experiences. We know how valuable safety and trust are to building our relationship with you. By working together, we are more aware of how to support the health and wellbeing of both you and your children. Our hope is to connect and growth with you for the duration of your time with us. We are committed to intentionally integrating the following elements into our daily interactions and communications:

Safety

We learn about the physical and emotional safety needs of each youth. We work to integrate feedback and suggestions to create a safer Club.

Awareness

We learn from families about stressful, challenging, and traumatic experiences that may have contributed to their child's development and abilities. We use this knowledge to create a better Club experience.

Empowerment, Voice & Choice

We learn from families about the unique needs of their child, and work to integrate practices that ensure their needs are being met.

We learn from families about stressful, challenging, and traumatic experiences that may have contributed to their child's development and abilities. We use this knowledge to create a better Club experience.

Connection & Growth

We work to achieve true partnership by eliminating the power structures that exist between Club professionals and caregivers.

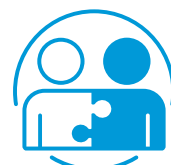

We build relationships with caregivers, learn about one another, and grow together to build a healthier, stronger Club.
